NEW YORK, Aug. 8.—The Goldschmidt wireless station at Tucker, N. J., today established communication with the station at Eltsee, Germany, near Hanover. Manager T. H. Lemke immediately notified Secretary of State Bryan of this fact and put the plant at the disposal of the government for the transmission of messages to Ambassador Gerard at Berlin or for any other purposes. Direct communication with Germany by cable is still cut off.

HONG KONG PAROLE.

PEKIN, Aug. 8.—The authorities at Tientsin, capital of the German protectorate of Kiaochow, have stipulated that all British subjects remaining there must give their parole that they will not attempt to do anything hostile to Germany. A similar privilege has been granted by the British to the Germans remaining at Hong Kong.

WAR BULLETINS

RUSSIAN CAVALRY REPULSED.

BERLIN, via LONDON, Aug. 8.—An attack by a Russian cavalry brigade upon German troops near Soldau, east Prussia, yesterday, was beaten back. The invaders suffered heavy losses. Kibartzy, a town near Virballen, government of Sewallki, Russian Poland, held by the German forces, was attacked Thursday by Russian cavalry.

BOMBARD LIEGE 3 DAYS' BATTLE

By BERNARD BELANCOURT.

BRUSSELS, Aug. 8.—German artillery bombarded Liege and its protecting forts throughout the night and the assault on the city was renewed at dawn today in the midst of a terrific storm. A heavy rain is falling and swelling the river Meuse and its tributaries. This will impede the German advance.

WAR BULLETINS

GERMAN CRUISERS STILL SAFE.

PARIS, Aug. 8.—An official message received here this afternoon states that the German cruisers Goeben and Breslau, after recoaling at Messina, sailed East. The Austrian fleet refused to aid them on the ground that Austria was not at war with England. According to a Rome message the cruisers are now steaming toward the Adriatic.

Within the last seventy-two hours these ships have variously been reported sunk or captured, six times. The Paris dispatch would seem to dispose of all these rumors.

FAMOUS GUARDS LOSE 1,500.

BRUSSELS, Aug. 8.—The Brandenburg guards, one of the crack regiments of the German army, Emperor William holding a commission as honorary colonel, suffered heavy losses today in an assault on Fort Barchon. They were attacking the fort under cover of the German artillery when a hidden mine was set off by electricity from within the fortification. It is reported that 1,500 of the guards were killed or injured.

German Loss Is 20,000

The Germans have suffered the loss of 20,000 men in killed, wounded and prisoners, the Belgian war ministry announced today. The following official statement was issued:

"The Germans have lost, according to our estimates, 15,000 killed and injured at Liege. Our losses were much smaller. We have taken about 5,000 prisoners. Reports that the Germans asked an armistice for twenty-four hours are untrue. By mutual consent both armies suspended operations for two hours last evening to gather the wounded.

"No forts have been captured by the Germans, but their artillery has caused great damage and killed many non-combatants as well as soldiers. The conflict continues."

The conflict is raging with greater fierceness than on other days of the attack. An official report to the War Ministry states that a division of German cavalry that crossed the Meuse north of Liege was surprised and practically annihilated by Belgian cavalry and infantry supported by a battalion of light artillery.

The German rout was complete, the Belgians capturing more than 5,000 prisoners from seven shattered regiments of the Kaiser's dashing Uhlans.

The German cavalry fought bravely, but were mowed down by the Belgian batteries as they charged at full speed. Twice they attempted to break the ranks of the Belgian forces, but each time were hurled back with frightful losses.

FRENCH ARMY JOINS BELGIANS IN DEFENCE OF CITY OF LIEGE

GERMANS RESUME DESPERATE ATTACK

BIG NAVAL BATTLE IS REPORTED AGAIN

Continued from First Page.

While the Uhlans were charging the Belgian infantry in the face of a murderous machine gun and rifle fire, they were struck on the left flank by 3,000 Belgian cavalry that had arrived from Louvain where King Albert's troops had concentrated for defence of Brussels. The Belgian cavalry struck the Uhlans with irresistible force and shattered their attacking ranks.

Unable to resist the counter attack that the Belgian infantry made the Germans fell back in rapid retreat, leaving hundreds dead and wounded. The fleeing German cavalry was surrounded on the bank of the Meuse and practically all of them were captured, though many plunged into the river in their attempt to escape and were drowned.

In the meantime the German artillery along the river kept up an incessant bombardment of Liege and its fortifications. The invaders who fought their way into Bressoux, a suburb of Liege, late yesterday, drove out its Belgian defenders after a desperate hand-to-hand battle that lasted thirteen hours, and now are in full control of the little town.

Fort Fleron, battered by hundreds of German shells, has been isolated from the rest of the fortifications, but its little garrison is fighting desperately.

Every open space between the defending forts proved a death trap for the Germans. Intrenched by barbed wire and mines the Belgians repulsed numerous attacks from the direction of Bressoux today.

CYCLISTS CAPTURE UHLANS.

The cyclist infantry of the Belgian army have been of great help in repelling the flank sorties by the German cavalry. One regiment of these cyclists engaged a squadron of Uhlans north of Liege and killed or captured 500 of them.

Practically the only cessation of fighting at Liege occurred late yesterday afternoon when an armistice of two hours was arranged for both the Belgian and German troops to collect their wounded. During that time all artillery fire ceased and the troops rested on their arms.

At the expiration of the armistice the bombardment which has been continuous for sixty-eight hours with the exception of the brief armistice was renewed with the vigor displayed before.

FRENCH AND BELGIANS UNITE.

Authoritative announcement was made at the war ministry today that a large French army had entered Belgium and united with the Belgian forces in the vicinity of Louvain. This announcement was made shortly after King Albert returned from Louvain.

It was said that the sending of French troops was in response to an appeal from King Albert to President Poincaré. The King last night sent a message to the French President, thanking him for his promptness. It is a very important matter, the French troops were sent to the Belgian army to reinforce the Belgian army. The French troops were sent to the Belgian army to reinforce the Belgian army.

WAR BULLETINS:

GERMANS BURY LIEGE DEAD

BRUSSELS, Aug. 8.—The Belgians have granted the German request for an armistice. The Germans are collecting their dead and wounded.

SAILED TO POLICE JAPAN SEA.

TOKIO, Aug. 8.—A Japanese fleet of five cruisers and three battleships sailed southward today under sealed orders. Two other cruisers and five battleships will sail tonight. The squadron that left today apparently is bound for the Sea of Japan, where German warships have been reported very active in seizing British merchantmen during the last two days. If British ports are attacked by the Germans, the Japanese warships will assist in protecting them.

BOSNIA CLEAR OF AUSTRILIANS.

ROME, Aug. 8.—The Servians have advanced into Bosnia and have cleared their country of all Austrians, according to a dispatch received from Nish today.

CONFIRMS SHELLING OF LIBAU.

STOCKHOLM, Aug. 8.—A destructive bombardment of Libau, Russia's chief Baltic port, by the German fleet on August 4, is reported by the captain of a schooner, who arrived from that city today. He witnessed the partial destruction of the Libau fortress by shells from the German warships. Commerce has been resumed between Sweden and Finland, although the Russian torpedoes and Finns blew up the wharves at the Port of Hangö.

BRITISH TROOP SIN FRANCE.

PARIS, Aug. 8.—English troops sent to co-operate with the French against the German forces began disembarking from ships on the north coast of France today. Official announcement to this effect was issued by the war minister shortly before noon.

PRUSSIAN TOWNS BURNED.

ST. PETERSBURG, Aug. 8.—German artillery today shelled the Russian patrols near Soldau. The towns of Illova and Anrsim in Eastern Prussia have been burned.

BELGRADE, Aug. 8.—The bombardment of this city by the Austrians, which began ten days ago, is still in progress. The Royal Palace, the British and German Legations have been struck by shells. Shots from guns fired by Servians silenced the Sixth Regiment of Austrian Artillery in a battle near Obrenovatz.

36 GERMAN SHIPS SEIZED.

ANTWERP, via LONDON, Aug. 8.—The Belgian government today seized thirty-four German steamers and two sailing ships now in port there.

REPORT GERMAN CRUISER SUNK.

GERMAN CRUISER IN FLIGHT.

BUENOS AYRES, Aug. 8.—Notice that the British cruiser Glasgow had engaged the German cruiser Bremen in battle and shot away the Bremen's smokestack and superstructure, has been received here by the British steamer Highland Lloyd through Brazil. The report stated that the Bremen was in flight, closely pursued by the Glasgow.

MILAN, Aug. 8.—The transatlantic vessels Molte and Koening Albert have been seized by the Italian authorities at Genoa. The vessels asked for thousands of tons of fossil coal apiece, but the government inspector who boarded them found that each already had many thousands of tons aboard, with the evident object of recoiling the German cruisers in the Mediterranean.

VIENNA, Aug. 8.—According to semi-official utterances the declaration of war between Germany and England is not considered here to constitute a state of war between Austria and England. The relation of these two states is like that of Germany and Servia.

PORTUGAL MOBILIZES.

LISBON, Aug. 8.—The Portuguese warships were ordered to prepare for a coastwise cruise and the War Office ordered the mobilization of three army divisions.

BANK RATE 5 PER CENT.

CZECH SOLDIERS SHOT.

PARIS, Aug. 8.—Austrian troops shot a number of the Czech soldiers in the Bohemian regiments, before the Czech troops left for war, according to the official Austrian report received today at the war office.

THE VATERLAND WILL NOT BE ALLOWED TO SAIL FROM NEW YORK.

WASHINGTON, Aug. 8.—The German steamship Vaterland will not be allowed to sail from New York today, according to the official statement of the United States government. The ship is being detained at the New York harbor.

PATENTS APPLIED FOR BY THE UNITED STATES GOVERNMENT.

WASHINGTON, D. C., Aug. 8.—The United States government has applied for patents for a new method of manufacturing dynamite. The patents are being applied for by the United States government.

[Report continues to be received in London telling of a battle between English and German fleets in the North Sea. Yesterday's report of a sea fight in which nineteen German ships were sunk was denied by the English government. The AMERICAN publishes a report received today by the London Daily Mail, but calls attention to the fact that until the reports of an engagement are confirmed by the British government, they must not be accepted as final. The British government has established an official press bureau, to issue news as fast as it is feasible.]

LONDON, Aug. 8.—A dispatch to the Daily Mail from Holland says that nineteen German warships have been sunk or seriously damaged in the North Sea.

The Admiralty issued an official denial of the report of a great British naval victory.

Home Secretary McKenna, in the House of Commons today, stated there was no foundation for the newspaper reports of a great naval battle off Holland. He also stated that the House would take steps strongly condemning the publication of false news of naval engagements.

The dispatch to the Mail came from Muiden and was dated Friday, 11.30 p. m. It follows:

"A big naval engagement took place this afternoon from 3 to 5 p. m. between the British and German fleets about thirty-five miles north of the Texel off the coast of Holland. The noise of the guns was faintly audible ashore. Nineteen German warships were sunk or seriously damaged and a number of others less damaged are now making for the Dutch coast, pursued by the British fleet. The German fleet is reported captured. Four Dutch torpedo boats are now lying thirty miles off shore waiting for vessels being hit. The captain of a Dutch steamer arrived this morning. He said he saw the fleet before the battle and said the sea was covered with warships."

AMSTERDAM, Aug. 8.—The Telgraf announcement of a wireless message saying that a German cruiser is approaching the north coast of Holland to put ashore ten men who were wounded in a naval battle in the North Sea.

COPENHAGEN, Aug. 8.—A German fleet of fourteen warships early today passed through the Great Belt, leaving from Kiel Bay to the Kattegat. They were sailing northward at full speed, apparently en route to the North Sea to reinforce the German fleet there or to attack the British. It is believed that the Kiel Canal has been blocked or otherwise the Kiel fleet would have gone through that.

GERARD CARING FOR BRITISH IN BERLIN

THE HAGUE, Aug. 8.—Sir Edward Goschen, British ambassador to Germany, received news today from Berlin, that the British ambassador to Germany, Sir Edward Goschen, is caring for the British in Berlin. He is caring for the British in Berlin. He is caring for the British in Berlin.

How Wars Have Developed International Law

We should briefly state the law as to passenger and to merchant ships which were built to be commerce destroyers in time of war. All of these are dealt with in the proclamation of neutrality and the rules and instructions to naval officers and customs officials who have to do with their enforcement.

In brief, a passenger who is to return to fight may be classed as contraband and the ship may be treated as a warship. I shall make this the subject of a later

ADVANCES IN PRICES FOR FOODSTUFFS AND OTHERS ARE BEING MADE AT A SPEED

By B. C. FORBES.

Higher prices for foodstuffs hurt the poor, not the rich. Higher prices do not add one ounce to the total supply.

Foreign governments are to stand no nonsense from deplorable wretches who would capitalize misfortune and squeeze the poor.

The United States authorities should not hesitate to reach after anyone in this country mean enough to take advantage of very temporary conditions to aggravate the burdens of households.

There is little or no reason apart from greed and rapacity why prices of commodities should be advanced in this country today.

There are two kinds of patriotism, the one easy, the other hard to practice. The easy kind is the kind that calls for unconcerned self-restraint, for the exercise of self-restraint, for the exercise of self-restraint, for the exercise of self-restraint.

When the drum beats, the band plays and banners wave, it is easy enough to become patriotic—it is easy enough to sing patriotic songs, to march to the band, to wave flags, to join in the shout of battle, but courage and patriotism can be quickly stricken.

AMERICA'S NEED. But the patriotism that is hard to live up to is the unspectacular kind, the kind that calls for unconcerned self-restraint, for the exercise of self-restraint, for the exercise of self-restraint.

German artillery sweeping up a grassy hill into a commanding position in the last army maneuvers. Beyond appears the dark mass of a squadron of cavalry. In the maneuvers, the cavalry was largely used simply as a screen for major operations—in this case as a reserve to support the artillery in case of attack. One of the military problems of this war is: "What can cavalry do? Is its 'value gone?' Some experts say cavalry would be cut to pieces in any attempt to charge against modern weapons.

HOWARD GOULD FORCED TO PAY MORE ALIMONY

NEW YORK, Aug. 8.—Mrs. Kathryn C. Gould has obtained a judgment in the Supreme Court against her husband, Howard Gould, from whom she was separated in 1909, for \$121,750. The amount represents arrears in alimony with interest.

In an affidavit Mrs. Gould declared her millionaire husband had paid the \$10,000 monthly alimony provided in the separation decree promissory until April 15, when he sent her a check for only \$2,000. May 15, June 15 and July 15 she said he sent her checks for \$2,000, instead of \$10,000.

Mrs. Gould figured her husband was in arrears of alimony after April 15 \$120,000, with interest, amounting to \$121,750. She said she had paid, amounting to \$2,000, June 15, \$2,000, with interest, amounting to \$2,000, July 15, \$2,000, with interest, amounting to \$2,000.

ROTHWELL WARNS OF WAR SCARE BUYING

"A scarcity of food and resulting high prices are most likely to be caused by the people in the United States themselves and not by the war in Europe," today declared Howard J. Rothwell.

"The consuming public has gone mad on account of the war scare. Householders are rushing to buy food to prevent, they imagine, paying panic prices in the future. There is no need to buy now. There is plenty of food and other commodities in the country and great quantities are on their way from the West. Of course, as long as people rush to the stores and clean out the supply on hand, high prices and an apparent scarcity will exist."

"The food market is looking up in the expectation that the channels to Europe will soon be open. American goods have been sent to dealers in the West to make out bills of lading without fear and the goods will go through."

"The price of flour has advanced seventy-five cents since Monday, but there is no need to buy now. There is plenty of food and other commodities in the country and great quantities are on their way from the West. Of course, as long as people rush to the stores and clean out the supply on hand, high prices and an apparent scarcity will exist."

"The price of flour has advanced seventy-five cents since Monday, but there is no need to buy now. There is plenty of food and other commodities in the country and great quantities are on their way from the West. Of course, as long as people rush to the stores and clean out the supply on hand, high prices and an apparent scarcity will exist."

"The food market is looking up in the expectation that the channels to Europe will soon be open. American goods have been sent to dealers in the West to make out bills of lading without fear and the goods will go through."

CARD OF RACES.

One-hour motor-paced race—George Wiley, Bobby Walthour, Clarence Lawrence, Clarence Carmichael.

Two-mile amateur handicap—Australian pursuit race for professionals.

Five-mile open for amateurs.

One-mile invitation for amateurs.

One-mile professional.

Bobby Walthour, George Wiley, Clarence Carmichael and Percy Lawrence meet in a one-hour motor-paced race, the feature of a big card of professional and amateur events at the track here tonight.

An unusual significance is attached to the motor-paced race, inasmuch as Percy Lawrence, although he has not won a big race, is thought to have been made at Reverse Three-year-old prize made

...to favor him.

Two starts ago, a great surge in his last lap took him to the lead in the 100-meter freestyle and then five miles at Brighton Beach, while his last race at the instant at the Bugh this season.

But he is not a man to cut corners out, for in meeting Wiley, Carman and Walthour he is tackling the winner of his flower years of the country.

Walthour isn't getting anything off his feet, but his flower years of the country championship race is lost a little way from the finish, he expects to successfully defend his title.

His great form in his last few races has been a surprise to many men to beat. Walthour is taking on this trio of opponents over the one-mile race, and he believes he is at his best in a 100-meter race.

Carman isn't worrying over the outcome. He declares his chances are good, and he is confident of a great work in the Brooklyn sweepstakes race, a fifty miles, and a half-mile race.

McKinnon Gets Draw in Anderson Bout

BERLIN, N. H., Aug. 8.—Bill McKinnon, light heavyweight of Hoxbury, Mass., made the best of it in the eight-round bout with Matt Hastings Anderson, but Referee Powers declared the bout a draw.

The decision was received unfavorably. For eight rounds the boxers gave a fine exhibition of boxing and footwork. McKinnon did most of the forcing and led Anderson on the defense in the last round. McKinnon finished in good shape, while Anderson was pretty tired.

Good Talent Scarce.

Jim McGuire, the Tigers' veteran second baseman, is coming back to the club after a month's absence. He has been in the bushes for a couple of months. Reports that Cobbs and Collings are scarce this season, but says that he can't remember of likely looking players under surveillance.

CARRANZA MUST FIGHT TO TAKE MEXICO CITY

MEXICO CITY, Aug. 5.—Hope for peace between the Federales and the Constitutionalists is apparently gone. Unless concessions are made, General Huerta is expected to march on Mexico City. "We are going to take the city," said a Federal official. "We have 25,000 men, sixty-five field guns, and plenty of ammunition," said an army official today. "We are prepared to fight to the end unless ample guarantees are given us."

If a battle is fought, it is believed that the Federales will capture the capital, Toluca, eight miles north of the capital. The Federal army guards the coast to the end unless ample guarantees are given us."

The Constitutionalists at Tepic, 100 miles from the capital, have fifteen miles of Tlaxcala.
